The More Sustainable Choice

As a growing business, we are responsible for doing our part and taking sustainability seriously, especially as a supplier of water-delivering products. With Government predictions of major water shortages in the not-too-distant future, we have a significant role to play in helping our customers, consumers, and society manage that through products that don't compromise on functionality but use less water.

We have now adopted sustainability as a core value for Aqualla and Adamsez. Our objective for 2023 will be to focus on a sustainable journey. We will continue to develop initiatives already in place and identify new ones through our products, processes and people. We hope that you will join us.

Water...

Our most precious resource

As suppliers of water-delivering products, we are responsible for continually assessing and improving our products to be as sustainable as possible without compromising your experience.

We are committed to taking steps to meaningful change by actively seeking ways to reduce our carbon footprint and impact on the environment.

How we are doing this:

Products

- **Unified Water Labelling:** The Unified Water Label is an intelligent tool which identifies how much water and energy products use, allowing us to make more informed choices.

Choosing an Aqualla Unified Water Label product will help you use water wisely. Reduced water waste saves energy, reduces carbon emissions, saves money and helps to save the planet.

All Aqualla basin taps, and showers in this brochure, achieve Green Band Unified Water Labelling Certification - the highest band achievable, and are registered on the Unified Water labelling website.

- Relevant products throughout the brochure will have either a dark green water droplet icon (indicating product has a maximum flow rate of 6 litres per minute) or a lighter green droplet (Maximum flow rate of 8 litres per minute).
- **Retrofit water-saving devices:** New retrofit water-saving aerators help reduce water consumption on showers and taps not already using these devices (see page 134).

Water Facts

- According to the UN, billions of people live without safe water. Water scarcity remains a global problem because there is a finite supply, and with less rain falling and significant growth in the population, there is greater water demand.
- The World Bank predicts that by 2025, two-thirds of the global population will run short of fresh drinking water.
- In March 2019, the European Environment Agency and UN forecasted severe drought across Europe by 2050.
- Also in March 2019, the CEO of the Environment Agency, Sir James Bevan, made a speech entitled, 'Escaping the jaws of death'; he suggested that England will face severe water shortages within 25 years unless action is taken now and said: "We all need to use less water and use it more efficiently. Water is one of the planet's most important resources, with responsible water use being essential in the current situation."

Processes

- **Packaging and Warehousing** Our commitment allows us to adopt more sustainable solutions to our processes, from manufacturing and packaging to paper-free offices and swapping to recycled stationary throughout the business. Hanna, Avante, Ivy and Edge come in new eco-friendly outer boxes. We are limiting and reducing the need for single-use plastics. We aim to continue with fully recyclable product packaging roll-out throughout 2023 and beyond. Our warehousing use paper tape and recycled paper void fill when dispatching orders.
- **Carbon Balanced Brochure Production** Working with World Land Trust, we balance carbon dioxide production and help to protect critically threatened forests.
- We promote and encourage our customers to use our **QR codes for digital brochure downloads.**

People

- **Regular Health and Well-being initiatives** help to encourage a healthy body and mind. With trained, in-house Mental Health ambassadors, we have a safe, open, and accepting environment for our team.
- Culture of **togetherness** and **teamwork**
- Long-term support and sponsorship of **local charity** and **community initiatives**

Our commitment to a more sustainable future means our journey will continue evolving.

Join us as we work toward reducing our carbon footprint, conserving water and doing our bit to help the planet.

Let's work together to make things better.

Supplier of the Year

With Aqualla, you receive a 'local' service from start to finish;

From design, marketing and logistics, to sales, customer service and support.

Customer satisfaction is at the forefront of everything that we do.

Introduction

Drawing on many years combined experience in the industry, Aqualla offers a unique range of bathroom components, blending distinctive designs with practicality for both classic and contemporary living.

To demonstrate our commitment to our customers, we offer a 12 year warranty on all of our taps, showers and accessories, and a 5 year warranty on all of our towel warmers, radiators and mirrors.

This brochure is designed to give you an overview of our product portfolio, and we have included a water drop beside each tap and shower product, indicating the minimum working pressure required.

For Example:

-  0.5 bar is equal to 5 metres
-  1.0 bar is equal to 10 metres
-  2.0 bar is equal to 20 metres

A bar being equivalent to the vertical distance measured in metres from the base of the storage tank to the tap or shower head.

PRESSURE KEY	
0.2	Low Pressure
0.3 - 1.0	Medium Pressure
Above 1.0	High Pressure

Colour Collections

The current trend for subtle personalisation with brassware or more daring, bold colours for the bath is a beautiful way to inject fun and personality into any bathroom project. Aqualla's colourful collections offer luxurious deep tones and muted combinations such as Brushed Brass and Gunmetal Grey finishes.

Giving options that are reflective of your personality.

High on Heating

Add a touch of luxury to your bathroom, kitchen, living room or hallway, with one of our towel warmers or radiators; from classic traditional to ultra-modern which features our exclusive Aromawell technology.

Our Aromawell feature is a specially crafted well within the radiator, which holds aromatherapy oil and gently releases the scent when the heating is on - An opulent addition to any bathroom.

Finishing Touches

Add the finishing touch to your bathroom with a wide range of high-quality yet affordable accessories for modern bathrooms. Featuring everything from towel rails to soap dispensers, shower baskets and wall hooks, every one of our accessories has been manufactured using chrome plated brass or brushed stainless steel to ensure durability and practicality for modern living. Shower Tray Collection

Modern Design –
Straight, perfectly defined features, with a resin cover that gives the design of the bathroom a modern touch.

The stain resistant, anti-slip composition of an AdStone Shower Tray is practical and easy to maintain.

Adamsez AdStone Shower Trays are manufactured combining composite mineral and nanotechnology, in addition to the use of materials that favor the sustainability of the planet. It combines elastic resins with mineral fillers and a layer of the latest generation gel coat that result in products with greater durability and impact resistance, as well as significantly reducing their weight.

Awaken your Senses

From drench showers to dual flow showerheads and concealed valves, our collection of shower mixers is a modern blend of design, quality and style, forming a unique centrepiece in your bathroom.

Aqualla shower valves have been specially designed to ensure maximum flow.

Key features of the concealed valve include:

- 4mm thick brass plate and brass handles
- Single piece body to prevent leakage
- Front access valves and filters for easy cleaning
- 1/2 inch outlets and 3/4 inch inlets to ensure maximum flow
- Flat base allows for a solid fitting, preventing vibration

Our showers are available for upgrade to smooth hose, and for ease of installation, Aqualla exposed showering options come complete with FastFix brackets.

View our range of quality Stone Shower Trays on pages 80-83. Available in 3 finishes and designed to complement any shower space.

Your Choice Components

At Aqualla, we know that every single one of our customers is unique, and this extends to their choice of shower.

That's why with the Your Choice range, you design your own shower package; exactly how you want it.

Simply follow the steps below:

- Select your valve style
- Choose 1, 2 or 3 outlets depending on how many water functions there are
- Select your shower head and arm
- Select a slide rail kit, or a wall outlet and handset holder kit

Please note that dual flow shower heads need a shower valve with at least 2 outlets. If you choose to add a separate accessory such as a slide rail kit, you'll require a shower valve with 3 outlets.

Mirror Collection

A Touch of Luxury

Aqualla's collection of 26 mirror styles include features to suit every bathroom; such as Bluetooth connectivity and ambient colour change options.

All mirrors are fitted with a heated demister pad to prevent condensation when the mirror is switched on and use 5mm safety backed glass. At Aqualla we understand that each customer's style requirements are different, which is why we offer portrait or landscape fitting options throughout our range.

All mirrors and mirror cabinets are IP44 rated.

Terms & Conditions

Aqualla Brassware Ltd Terms and Conditions of Business

The under noted terms and conditions of Aqualla Brassware Ltd supersede all previous company terms and conditions unless otherwise agreed in writing by a Director of Aqualla Brassware Ltd.

DEFINITIONS

The seller is Aqualla Brassware Ltd.

The buyer refers to the Company or persons by, or on behalf of, whom the order is generated.

Goods refer to items described on the Seller's brochure, invoice or delivery note.

QUOTATIONS

Aqualla Brassware Ltd's quotations are provisional in so far as they are subject to change due to any fluctuation in the price of raw materials or exchange rates.

DELIVERY

Aqualla will endeavour to deliver its products by an agreed date but will not be liable for any failure to deliver on the agreed date.

Collection by the Buyer or an agent will constitute delivery.

WARRANTY

Most of our products have an extended warranty option at no extra cost. Extended warranty is subject to completion of the online product registration on <https://aquallabrassware.com/productregistration/> that must take place within 90 days of purchase.

Taps and Showers:

Aqualla Brassware Ltd taps and showers all have a 12 year warranty when registered online (2 years parts and labour / Remaining 10 years parts only). Exclusions include: Hoses - 2 year warranty. O rings, Diverter and Cartridges - 5-year warranty

Towel Warmers:

Aqualla Brassware Ltd towel warmers have a 5-year warranty when registered online (2 years parts and labour / Remaining 3 years parts only), and Aqualla Brassware Ltd valves have a 2 year warranty.

Accessories:

Aqualla Brassware Ltd accessories have a 12 year warranty when registered online (2 years parts and labour / Remaining 10 years parts only).

Radiators: All Aqualla Brassware Ltd radiators have a 5-year warranty when registered online, (2 years parts and labour / Remaining 3 years parts only). Electric heat elements have a 2-year warranty.

Mirrors:

Aqualla Brassware Ltd mirrors have a 5-year warranty when registered online, (2 years parts and labour / Remaining 3 years parts only).

Aqualla Brassware Ltd will make a discretionary decision to either replace or repair, at their own expense, defects in goods arising from faulty workmanship provided that the Buyer will have given written notice to the Seller as soon as is reasonably practical. Aqualla Brassware Ltd's liability in respect of any defect will be limited to the repair or replacement of the goods in question and if damage or loss occurs to the goods in transit, the Seller shall repair or replace the specified goods if notification is made in writing within seven days of the goods being dispatched from its premises.

POLICY OF CONTINUOUS IMPROVEMENT

Aqualla Brassware Ltd will continually strive to achieve the highest level of quality and improvement of products.

Aqualla Brassware Ltd reserves the right to alter or amend any product specification without prior notice to its customers. Colours are as accurate as the printing process will allow.

PAYMENT AND OWNERSHIP

The goods shall remain the property of Aqualla Brassware Ltd until the Buyer has settled the invoice in full.

Aqualla Brassware Ltd will be entitled to repossess the goods and enter onto any premises where the goods may be located if the Buyer breaches the contract in any way. This includes acts of insolvency, bankruptcy, attempts to make arrangements with any creditors or any petition passed to a Receiver or a Court.

If Aqualla Brassware Ltd is placed in any situation where it has to repossess its products, the Buyer will be liable to pay the difference between the price of the goods and their value on repossession.

Should Aqualla Brassware Ltd be entitled to repossess goods and unable to do so for any reason, the Buyer will pay to the Seller the full purchase price as per their invoice.

Any discount offered to the customer is detailed on the invoice.

PRODUCT CARE

Aqualla recommend that you do not use any abrasive sponges or scouring agents for cleaning. We also advise that you do not use cleaning agents containing abrasives such as solvent or acid, limescale removers, household vinegar and cleaning agents with acetic acid in them.

Damage to the surface and underlying material resulting from improper treatment is not covered by warranty.

GENERAL

No corrosive substances are to be placed into Aqualla Aromawell as this could be hazardous to your health.

Proof of purchase will be required for all warranty claims.

The More Sustainable Choice

Our commitment to a more sustainable future means our journey will continue evolving.

Join us as we work toward reducing our carbon footprint, conserving water and doing our bit to help the planet.

Let's work together to make things better.
